To: Training Supervisors
O&G Training Units
HKCOG

Dear all,

Re: Review on elective training year

Please be informed that at the 108th Council meeting of the Hong Kong College of Obstetricians and Gynaecologists, the following resolutions have been endorsed:-

“The elective training year should be optional so that in future, the training could be composed of:-

- i) all 6 years in clinical obstetrics and gynaecology*
- ii) or include a 6 months or 12 months training in clinical outside obstetrics and gynaecology*
- iii) or include a 12 months in research”*

At the 144th Education Committee meeting, it was decided that the above rules will take effect from 1st July 2007. For trainees who are recruited before 1st July 2007, they have the options to follow the old regulation or the new regulation.

Yours sincerely,

Dr. Lawrence C.H. TANG
Chairman
Education Committee
